- Our program has been reviewed and approved as a provider of project management training by the Project Management Institute (PMI)®

OUR SERVICES

Corporate Training Program

Our flagship Corporate Training Program (CTP) has helps organizations empower employees with the right skills and knowledge. Application of the acquired knowledge helps a professional achieve excellence at work.

Professional Project Certifications

PMI® R.E.P. offers PDU's different project management courses. Former participant highly recommend our PMP® courses.

On Site On-Demand Solutions

Select any project management courseware from our ready-made training

Project Management Software

We equip participants with our award winning software, Project Insight, designed to ensure efficient project management. It connects project and management teams on a real-time basis, thus increasing productivity.

Think Practical!

Staying ahead is staying practical, with a professional project certification a participant easily becomes the first choice amongst peers. We enable them with our award winning software and guide them through with our advisory services. With the complete package, a participant excels at every step.

Think Different!

We don't go by any book because different situations need different solutions. We **collaborate** with industry leaders for appropriate execution methods. Our Blended INTERACTIVE® training methods enable participants to apply the concepts in real life projects.

Think Tomorrow?

We aim to be a globally acclaimed project management guru, having a solution for any possible project. We aim to keep you **ahead** by providing efficient solutions that have long term gains for companies and individuals alike.

Think Time?

We **ensure** consistent delivery. We **provide** a game based interactive learning classroom session where concepts can be realized and retained easily.

Think Support?

We are known for our **responsiveness** and ensure seamless support to enhance what
